CHOICES | LAUSD UNIFIED

Description:	strategies and technology to engage students in investigation and discovery. This hands-on approach captures natural curiosity and stimulates interest, thereby building understanding and quality performance. There is a greater focus on those activities that allow students to engage in real world problems, actively participate in project-based assignments and experience learning activities that lead to higher level thinking. Finally, students will learn how these subjects integrate with other disciplines. All schools listed will include at least one discipline of STEM.
Grades:	6-8
Address:	2510 E SIXTH ST LOS ANGELES 90023
Phone:	(323)780-3050
Program Capacity 2026-2027:	270
Applications Received 2025-2026:	126
Openings 2026-2027:	114
Success Secret:	Our program's success depends on a personalized learning environment, experiential and experimental learning, development of critical thinking skills, student choice, mastery through exhibition, alternative forms of assessment, inquiry-based learning models, targeted intervention, enrichment, parent-teacher collaboration, and parent training.
